Live-brary Downloads in 10 steps or less

✓ Taking the Guided Tour is strongly recommended

✓ Click on **Required Software** to download and install the **OverDrive Media Console** for audiobooks, music and video. If you will be reading eBooks, install the eBook reader that best works for your computer and portable device.

   You need to download and install the OverDrive Media Console only once. Once done, you can skip this step in the future

✓ Find the audiobook, eBook, music or video you wish and click on 'Add to My Cart'

✓ In the 'My Cart' window, click on 'Proceed to Checkout'

✓ If you had not already signed in, you will be prompted to select your library and enter your library card number

✓ In the 'Check Out' window, click on 'Confirm check out' - you might see a 'Security Alert' pop-up window - click 'Yes'

✓ At the 'Download' window, click on the 'Download' button beneath the book jacket

✓ The OverDrive Media Console will load - click OK

✓ If the item has more than one part, you are given the choice to download all or any of the parts - click OK when you are ready to download

✓ The OverDrive Media Console will display the progress of the download at the bottom of its window. When finished, the title jacket will display and you are ready to enjoy your selection

Taking the Guided Tour is strongly recommended while the 'New Users' link provides a good overview and links to other helpful resources.
